One-Percent Manual Tally pursuant to California Elections Code Section 15360

Voting System: Shasta County uses the Hart InterCivic 3.2 voting system. All vote by mail (VBM) and election day (ED) ballots were tallied by Central Count.

Sixteen precincts were randomly selected at 8:41pm on November 5, 2024, by utilizing a random precinct draw for the manual ballot count. In addition to the randomly selected precincts, the Registrar of Voters added all ballots Happy Valley Union School District contest.

Manual tally for VBM and ED ballots was started on November 20, 2024, and continued for a total of 7 days. The manual tally was conducted by four teams of four individuals, with supervision and oversight provided by the Assistant County Clerk/Registrar of Voters. There were approximately 59 members of the public that observed the process.

10,843 total ballot cards that contained 54 contests were examined. Tally types in the 1% manual tally included both polling place (ED) and vote by mail ballots (VBM). There were 4,290 ED ballots and 6,553 VBM ballots.

There were 10 variances found between the manual tally and Central Count. After review of the discrepancies, it was determined that all issues were caused by human error, the system tabulated as expected.

- On two occasions, during adjudication, a ballot was tallied as an overvote where credit should have been given to a candidate.

- On three occasions, the voter failed to make a substantial mark in the target area and only marked a faint line. The line was not tabulated by the voting system but considered a valid vote during hand count.

- 5 batches were re-run through the system to correct issues with human errors.

Joanna Francescut
Assistant County Clerk/Registrar of Voters

Redistricting and Precinct Boundary Changes

Election Codes § 21506-21

Every ten years, once the Census data is collected Counties must redraw the Supervisor district lines to rebalance the population. The lines are redrawn to ensure that each board member represents about the same number of constituents.

This process was completed in December 2021. New maps were adopted that significantly changed the boundaries of each supervisor district. When updating our precinct boundaries, we also renumbered every precinct. The following key will provide information on how to map the precinct to historical data.

<table>
<tr><td colspan="7">Precinct Number Map</td></tr>
<tr><td>0</td><td>1</td><td>2</td><td>0</td><td>3</td><td>9</td><td>0</td></tr>
<tr><td>0</td><td colspan="6">Leading zero.</td></tr>
<tr><td></td><td>1</td><td colspan="5">This number is the Supervisor District the where the precinct is located. (1-5)</td></tr>
<tr><td></td><td></td><td>2</td><td colspan="4">This number describes the city where the precinct is located.

1 – City of Anderson
2 – City of Redding
3 – City of Shasta Lake
9 – Unincorporated Area</td></tr>
<tr><td colspan="3"></td><td>0</td><td colspan="3">This is a reference for the historical precincts that had portions.</td></tr>
<tr><td colspan="4">[1]The last three digits are the historical precinct number.</td><td>3</td><td>9</td><td>0</td></tr>
</table>

[1] The precincts in the City of Shasta Lake, historically were four digits. (1000)
